The base line coverage total was increased by three targets during the reporting period as a result of a BLUE SPRINGS mission in the Haiphong area []. The same mission provided surveillance coverage of Yen Bai and identified the target as an airfield under construction. The total number of priority targets decreased by one due to the negation by [] of Ho Yuan Barracks Area in South China.

4. The number of times each target was satisfactorily covered is shown in Tab A as well as the dates of initial and most recent satisfactory coverage since 1 March 1966.
